

## Glue Tape CP-6828

Notice:

1. This manual only shows general product parameters.
2. The final right of interpretation belongs to Guangzhou Yingyuan Stationery Co.,Ltd.

## PRODUCT SPECIFICATION SHEET

**Product Name:** Glue Tape – Flat Adhesive / Flip-top

**Model No.:** CP-6828

**Brand:** OEM / ODM Only

1. PRODUCT OVERVIEW

Glue tape with flat adhesive surface and flip-top cap for easy, one-handed application. Clean, mess-free bonding for paper, photos, notes, and crafts. The flat adhesive design ensures even coverage without wrinkling or bleeding through paper.

We manufacture **all core product components** in-house – including housing, gears, tape core, and adhesive coating. This gives us full control over quality, cost, and delivery – and gives you complete flexibility for customization.

2. STANDARD SPECIFICATIONS (FOR REFERENCE)

| Parameter          | Standard Specification               |
|--------------------|--------------------------------------|
| Adhesive Width     | 8 mm                                 |
| Tape Length        | 8meters                              |
| Adhesive Type      | Flat adhesive / full-surface glue    |
| Application        | Instant bond – no drying time        |
| Features           | Wrinkle-free, no paper bleed-through |
| Cap Type           | Flip-top (one-handed operation)      |
| Gear Material      | POM (smooth, quiet, no jamming)      |
| Housing Material   | PS (lightweight, cost-effective)     |
| Tape Core Material | PET (high strength, tear-resistant)  |

### 3. CUSTOMIZATION OPTIONS (OEM/ODM HIGHLIGHT)

Since we produce every core component ourselves, almost everything can be customized:

| Customization Item                 | Options / Flexibility                                                                          |
|------------------------------------|------------------------------------------------------------------------------------------------|
| <b>Packaging</b>                   | Blister card / color box / OPP bag / display box – dimensions and weight customized per client |
| <b>Packaging Weight &amp; Size</b> | To be determined according to customer's specific requirements                                 |
| <b>Product Color</b>               | Custom housing colors available (Pantone matching supported)                                   |
| <b>Housing Material</b>            | PS / ABS – select according to target market and budget                                        |
| <b>Adhesive Width</b>              | 5mm / 8mm / 10mm – customized options available                                                |
| <b>Tape Length</b>                 | 5m – 20m – flexible based on customer needs                                                    |
| <b>Adhesive Type</b>               | Flat adhesive / dot pattern / permanent / repositionable options available                     |
| <b>Logo Printing</b>               | Custom silk screen / pad printing on housing or packaging                                      |
| <b>Cap Type</b>                    | Flip-top (standard) – other cap designs available upon request                                 |
| <b>Refill Options</b>              | Refillable tape cores available for eco-friendly solutions                                     |
| <b>Any other component</b>         | We produce all core components in-house – just ask and we can discuss                          |

## 4.STANDARD PACKAGING REFERENCE

**We offer complete packaging solutions. Final specifications are customized based on customer orders.**

| Packaging Level | Reference (for standard product)                |
|-----------------|-------------------------------------------------|
| Unit Pack       | 1 piece / blister card (350gsm paper card)      |
| Inner Box       | 24 pieces / inner box (corrugated cardboard)    |
| Master Carton   | 576 pieces / carton (24 inner boxes)            |
| Carton Size     | Customized per customer order                   |
| Gross Weight    | Depends on packaging and product specifications |

## 5. WHY CHOOSE US FOR OEM/ODM?

- **Fully integrated manufacturer** – we produce all product components (housing, gears, tape core, coating) in-house.
- **Full customization** – from housing material and colors to packaging design. Any component can be tailored.
- **Flexible MOQ** – trial orders welcome
- **Certified quality** – EN71- 3, ISO9001, BSCI
- **In-house production** – molds, injection molding, coating, printing, assembly – all under one roof
- **Fast sampling** – 7–14 days for custom samples

**We don't just make products. We manufacture core components in-house, source packaging wisely, and deliver YOUR brand – fully customized.**
